☐ Please check if any of the above information has changed since previous year.

II. MINING AND RECLAMATION

1. Was the mine active during the past year? Yes ☒ No ☐
2. If active, how much ore or mineral was mined? Approximately 10,000 in Trilobites was dug
3. How much new or additional acreage was affected during past year? 30' by 30'
4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.  
Very Small Area Disturbed in years Time  
Digging Trilobites. Approximately 30' Feet by 30'  
less Than 1000 Cubic yards. An Excavator  
is used To do The Digging.
5. How much acreage was reclaimed during past year? None
6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.  
Because of The small area Disturbed  
each year we have not reclaimed any  
area This past year

7. What is the total disturbed acreage at years end? Total area Disturbed is less  
Then 5 acres
8. Briefly summarize mining and reclamation planned for the upcoming year.

We plan To Keep all High walls pulled down  
and safe For Rockhound + Tourists.
